PHILANTHROPY WALL

This generous support of SKyPAC combines to produce more than 15,000 education experiences annually, make high quality performances possible for the more than 250,000 people in SKyPAC's service area, and helps leverage millions in additional spending, creating jobs right here in South Central Kentucky. These donors impact lives through something as simple as a smile at a Broadway show and as important as hope for a young person trying to visualize their future.
